PROJECTS

- **Comics-zone**
  Discover the Marvel Comics Reader – a sleek web app powered by React, JavaScript, and CSS animations for an immersive legal comic-reading experience. Utilizing the Marvel API, it provides seamless access to a vast collection of Marvel comics.

Dive into your favorite superhero adventures with ease, exploring rich storylines and dynamic visuals. Unleash the magic of Marvel at your fingertips!

- **Portfolio site**
  My professional portfolio, skillfully crafted with React.js. Explore a showcase of my work, skills, and accomplishments in an interactive and modern interface. This portfolio reflects my commitment to delivering high-quality web experiences, just like the technology behind it

- **Messaging app**
  Experience seamless communication with our messaging app, powered by Vue.js. Stay connected, chat with friends, and share moments in a user-friendly and responsive interface. Vue.js ensures a smooth and engaging messaging experience

- **QR-generator**
  Introducing our QR Code Generator – a React-powered marvel seamlessly integrated with the QR API. Effortlessly create QR codes with precision and style. Input your data, witness the dynamic CSS animations, and unveil visually captivating QR codes instantly. Whether you're a professional streamlining information or an individual adding a creative touch, our generator ensures a seamless, user-friendly experience. Simplify the complex with our QR Code Generator – where technology meets elegance in just a few clicks.
